

To whom it may concern:

This is a letter of recommendation for Pro Lawn Irrigation. I've been in Professional Baseball for ten years and Pro Lawn by far is the best irrigation company I've worked with.

Pro Lawns professionalism, quality of work and service is the best I've ever seen. Since I've been with the Greenville Braves, Pro Lawn has been the only irrigation company to do any work on the irrigation system on our field. If I ever had a problem, they were here the same day or first thing the following day to fix it.

Pro Lawn isn't one of those companies that does the work, receives payment and you never hear from them again. Pro Lawn calls throughout the year just to make sure everything is going all right. If your like me you have enough problems to worry about on your field without having to worry about your irrigation system. If you have Pro Lawn Irrigation install and maintain your irrigation system, that will be one thing you'll never have to worry about.

If you are looking to put in an irrigation system on your athletic field or have repairs done to your existing system, and you want it done right, I would highly recommend Pro Lawn Irrigation.

Sincerely,

Matt Taylor
